

Help a neighbor with the Fuel Fund of Maryland

You can help families in need with their heat and home utility needs by donating to the Fuel Fund of Maryland. Making a contribution is easy when you use the postage-paid envelope enclosed with your bill. Donation to the Fuel Fund of Maryland may be tax-deductible—contact a tax professional for advice specific to your circumstances.

Commit to giving back all year with the Dollar Donation Fund. Simply sign up at [BGE.COM/DollarDonation](https://www.bge.com/DollarDonation) and indicate the amount you wish to donate each month with your BGE bill. All donations go to the Fuel Fund of Maryland and you can opt out anytime.

Growth starts with a SEED

We want to see businesses in our community succeed! That's why we're working with the State of Maryland to help new and growing businesses thrive. BGE's Smart Energy Economic Development program (SEED) offers eligible commercial customers a 25% reduction on electricity and natural gas distribution as well as a 75% discount on construction to extend and expand energy service. BGE offers programs and incentives to help businesses improve energy efficiency and the bottom line. To learn more, visit [BGE.COM/SEED](https://www.bge.com/SEED) or email EconomicDevelopment@BGE.COM.

RESOURCES FOR EVERY CUSTOMER

The Community Resource Guide includes tools, resources, and support to help you save energy and money, and get assistance. Inside you'll find information about BGE programs and payment options, energy bill assistance, as well as health, housing, and financial assistance information. Download your copy today at [BGE.COM/ResourceGuide](https://www.bge.com/ResourceGuide).

Behind on your energy bills?

Fall energy savings

Fall's shorter days and longer nights mean your lighting is working overtime. But at what cost? If you're still using incandescent bulbs, you could be spending more every hour they're on. Switch to ENERGY STAR® certified LEDs for long-lasting performance (up to 15 times longer) and energy savings up to 90% compared to incandescent bulbs. And, when you shop participating Maryland retailers, you'll get instant discounts up to \$3.50 per bulb at checkout. Details at BGESmartEnergy.com/SENLighting.

After a successful launch in March, BGE continues its *Energy to Learn* program with WBAL-TV's Jason Newton and Ava Marie this fall. With a long-standing commitment to providing electric and natural gas safety to the public, *Energy to Learn* provides teachers, parents, and kindergarten through 5th grade students with free, easy-to-download educational activities during COVID-19.

Through coloring, word search, and object matching exercises, students learn how to be smarter and safer with their energy use and Jason and Ava continue to help promote *Energy to Learn* as part of BGE's safety education team. To download energy activities visit SafetyCentral.BGE.COM.

HOLIDAY HOURS & SAFETY

Our business office will be closed on the following holiday dates: November 26, November 27, December 25, and January 1. Emergency service is available 24 hours a day, every day of the year.

If you suspect a natural gas leak, leave the area immediately and call **877.778.7789**.

If you see downed power lines, leave the area immediately and call **800.685.0123**.

In the event of a power outage, notify BGE using the BGE app, by texting **OUT** to **MYBGE** (69243), visiting **BGE.COM**, or calling **800.685.0123**.
