

UTILITY OWNED ELECTRIC VEHICLE PUBLIC CHARGING

SCHEDULE EVP

Availability: The Company shall own and operate electric vehicle (EV) Level 2 (L2) and Direct Current Fast Charge (DCFC) charging stations available for public use in accordance with Commission Order No. 88997 in Case No. 9478. All EV chargers would be sited on property either owned by government entities or government-associated organizations, or controlled by those entities and organizations (such as through easements, right-of-ways, or similar legal or equitable mechanisms). The chargers must be accessible to the public for charging at all times. The chargers and the charger site must be accessible to the Company at all times, including accessibility for installing the chargers, maintaining the chargers, or performing any work on the chargers. L2 charging stations shall cover all applications at 208/220/240 voltage levels with demand loads ranging from approximately 3 to 13 kW. DCFC charging stations cover applications with demand loads from approximately 50 to 150 kW.

To use the chargers, a user chooses to charge their EV at a Company-owned charging station. The user must register an account with the Company's network provider, including payment information, prior to using the charger. Upon Company verification and account registration, a user operating within the Company's electric distribution territory 5 or more EVs titled and registered with the Maryland Department of Transportation Motor Vehicle Administration is eligible for a DCFC Charging Station Multi-Vehicle rate equal to 75 percent of the DCFC Charging Station Standard rate. Applicable charging rates are shown below, and are subject to change periodically with Commission approval.

Schedule EVP is provided in conjunction with a contract for service under Schedules G or GL (the Controlling Schedule). Controlling Schedule provisions apply, including applicable Riders, unless they are specifically altered herein.

Charging Rates:

Level 2 Charging Station:	0.18 \$/kWh
DCFC Charging Station Standard Rate:	0.34 \$/kWh
DCFC Charging Station Multi-Vehicle Rate:	0.255 \$/kWh

Payment Terms: Users who charge their vehicle at a Company-owned station are subject to the payment terms of the Company's network provider.
