

BGE - An Exelon Company

Want to report an outage using your smart home device? Simply download the BGE skill and get started! Below are the steps to download the BGE skill/action to your device:

Google Home:

1. Open the Google Home app .
2. In the top left corner of the Home screen, tap Menu  and install Google Assistant if not already.
3. Verify that the Google Account that is listed is the [Google Account you linked to Google Home](#). To switch accounts, tap the triangle to the right of the account name.
4. Tap Explore .
5. Search for the "BGE" action.
6. Go to **Menu**  > Explore  and tap on the action icon. Read the additional unique commands and a sample list of things to ask the app.

Amazon Alexa:

1. Open the Alexa app, go to the menu, and select **Skills**. Or, go to the Alexa Skills store on the Amazon website: <https://www.amazon.com/skills>.
2. **Search** for the "BGE" skill.
3. Select the skill and open the skill detail page. Then select the **Enable Skill** option.

After you enable a skill, you can use the instructions mentioned on the skill's detail page for examples of things to say, and to learn more. If you need help with a skill, you can say, "BGE help."
